

FRAME PARTS LIST

<p>①</p> <p>Side Bar w/Eye Bolt (x2)</p>	<p>②</p> <p>Middle Bar w/Eye Bolt (x1)</p>	<p>③</p> <p>Horizontal Bar (x4)</p>
------------------------------------------	--------------------------------------------	-------------------------------------

STEP 1 - Frame Assembly

Lay the frame parts out as illustrated below. Connect the **Side Bars**¹, **Middle Bar**², and **Horizontal Bars**³ together. Make sure the Eye Bolts on each bar are on the top of the frame. A rubber mallet or hammer and wood block may be needed to tap the bars completely into the connectors.

STEP 2 - Graphic Installation

Take your fabric graphic and find the opening. Carefully pull the graphic over the entire frame like pulling on a sock or pillowcase. When the graphic is all the way on, smooth out wrinkles with your fingers and align seams to the edges of the frame. Be sure the zippers are on the same side as the Eye Bolts. Zip the zippers closed. A helper to hold the fabric for you is **highly recommended**. Suspend the Hanging Bella by attaching cables to each Eye Bolt. (cables not provided)
