

PARTS LIST

①		2 pc
②		2 pc
③		2 pc
④		3 pc
		 <b>Eye Screw</b> 4 pc

ASSEMBLY INSTRUCTIONS

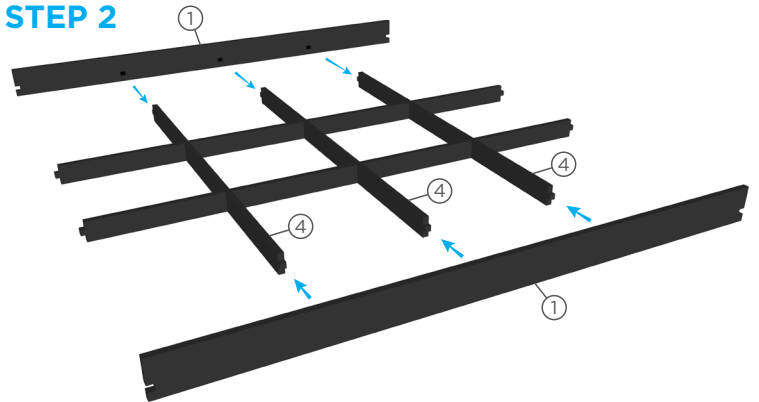

**PLEASE NOTE:** When connecting the various bars in the following steps, please do so carefully! Excessive force is not necessary to connect them. Using excessive force can cause the bars to crack or break.

STEP 1

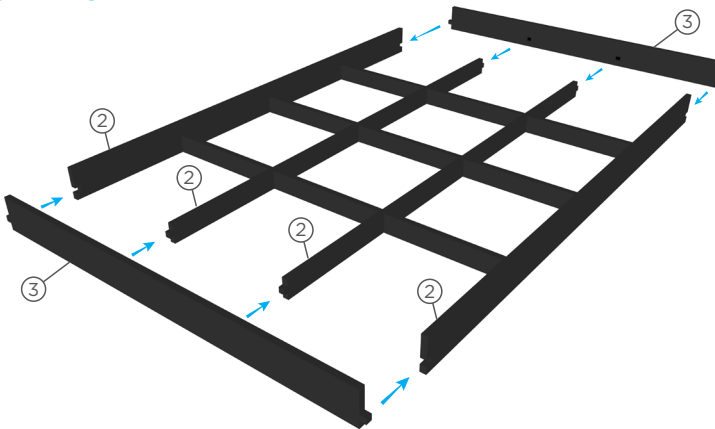

Assemble the inner part of the frame by inserting the notches of the **short inner bars**<sup>4</sup> into the notches of the **long inner bars**<sup>2</sup> as shown.

STEP 2

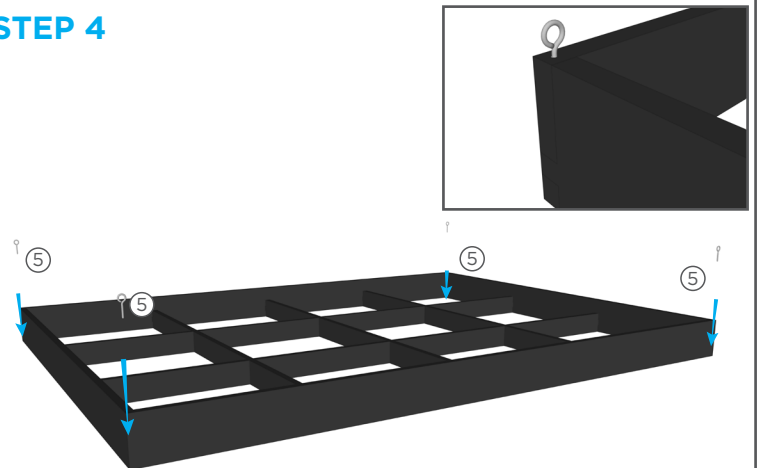

Attach the **long outer bars**<sup>1</sup> by inserting the ends of the **short inner bars**<sup>4</sup> through the holes of the long outer bars.

STEP 3

Attach the **short outer bars**<sup>3</sup> by inserting the ends of the **long inner bars**<sup>2</sup> through the holes of the short outer bars, the ends of which will insert into the end notches of the **long outer bars**<sup>1</sup>.

STEP 4

Screw **lag hooks**<sup>5</sup> into the top corners, one in each corner. The frame is now fully assembled and ready to hang.

**Want to connect 2 grids together? See the 2nd page. →**

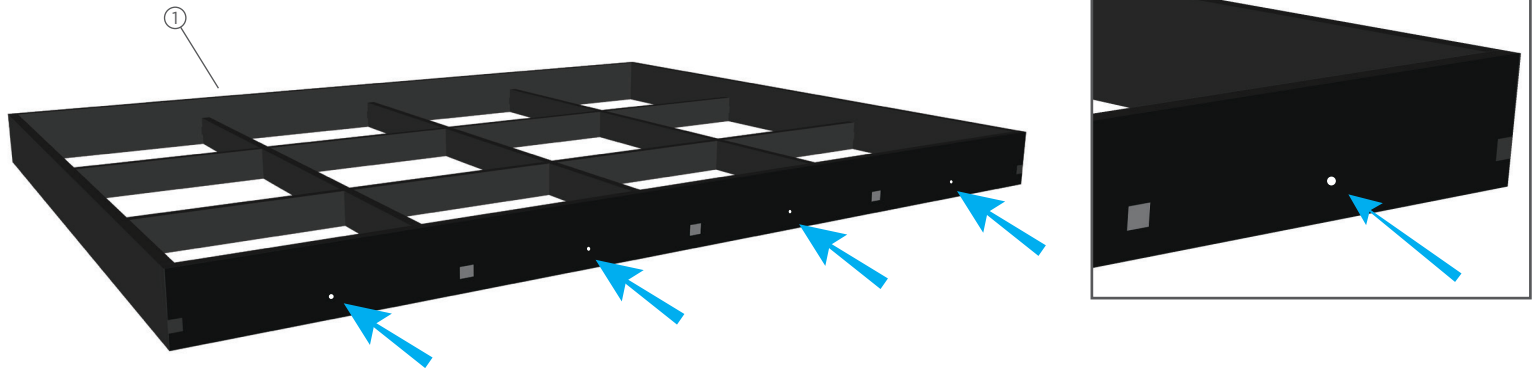

These instructions only apply if you have (x2) assembled **Hanging Grids** and the **Hanging Grid Connector Kit** which contains the hardware required to connect two grids together. (available by request)

## ASSEMBLY INSTRUCTIONS

### STEP 1

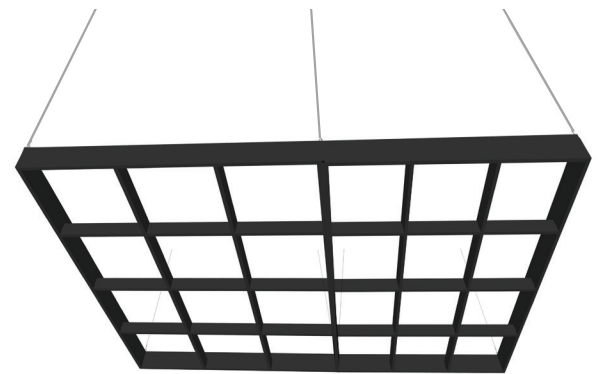

Each **Hanging Grid**<sup>1</sup> will have (x4) drill holes on 1 of the long sides. Take two assembled **Hanging Grids**<sup>1</sup> and arrange them so the drill holes of both grids meet each other. If the holes are aligned correctly you should be able to pass the **Connector Bolts**<sup>2</sup> through the drill holes of both grids.

### STEP 2

Begin passing all of the **Connector Bolts**<sup>2</sup> through the drill holes of both **Hanging Grids**<sup>1</sup> and screw them into the **Connector Caps**<sup>3</sup>.

### STEP 3

When the 2 hanging grids are securely connected be certain to use **ALL 8** of the eye screws when hanging them.

**NOTE:** You can pass a cable through both eye screws where the hanging grids meet.
