

POP PILLAR ASSEMBLY INSTRUCTIONS

STEP 1

Step 1 Identify the bottom panel, it will be marked on the graphic. There should be two of each tier.

STEP 2

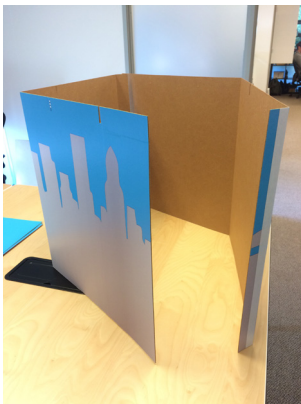

Step 2 Lay your panel flat and fold the graphic toward you on the crease to assure it will bend in the correct spot. Then turn over and carefully bend the other way.

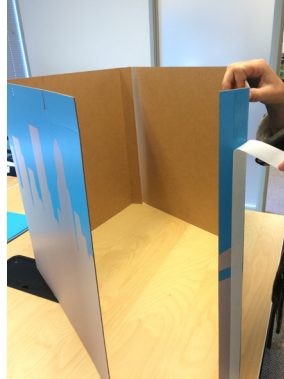

Do the same for the taped tab at one edge of each panel.

STEP 3

Step 3 Stand both bottom pieces up on a table or flat surface and align in the correct orientation.

STEP 4

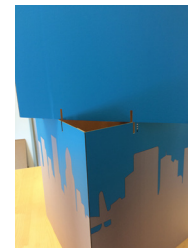

Step 4 Peel the tape from the tab and affix the back edge of the other panel to the tape.

STEP 5

Step 5 Identify the next panel up from the bottom and repeat steps 2-4

STEP 6

Step 6 Place the new box diagonally on top of the first box and carefully align the slots so that the second panel rests evenly.

STEP 7

Step 7 Repeat steps 1-6 for each additional tier until your tower is complete.
