ASSEMBLY INSTRUCTIONS

STEP 1

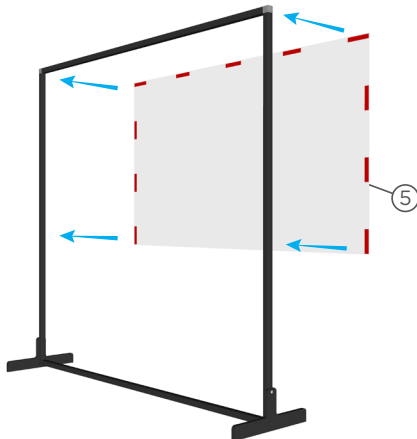

Attach both **legs**³ to the ends of the **threaded bar**¹ using the two **black bolts**⁴ and **allen wrench**.

STEP 2

Insert the ends of the **connector bar**² into the top open ends of the **legs**³. This completes the frame.

STEP 3

On the back of the **main graphic**⁵ peel off the backings off the tape. Then, adhere the graphic to the frame, making sure the top and left/right edges of the graphic are flush with the top and left/right edges of the frame.
