

INSTRUCTIONS

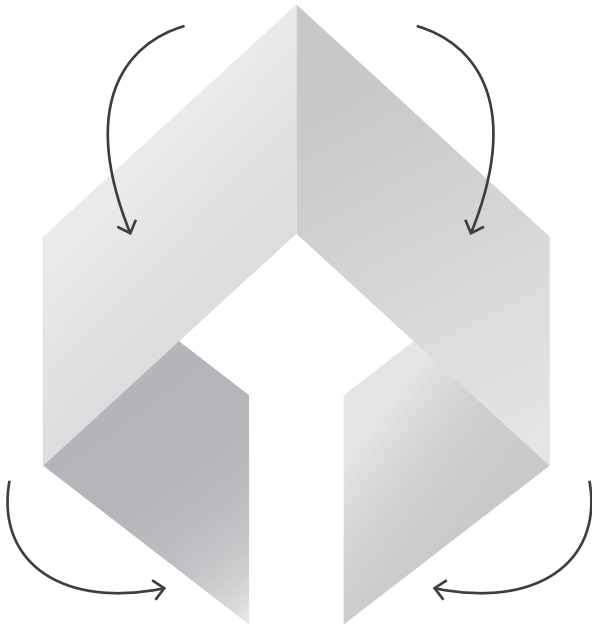

STEP 1

Find the three score lines in the center and two sides of the table tent.

STEP 2

At the score lines fold down at the center and bring the side flaps in so they overlap.

STEP 3

If your table tent has cuts on the lower flaps slide them together like (Fig. 1) shows. If there is no cut, use a small piece of the provided tape to adhere the two overlapping flaps together as in (Fig.2).
